Professional Summary

Dynamic and results-driven React.js Developer specializing in building scalable, user-friendly web applications. Proficient in modern JavaScript practices, responsive design, and component-based architecture. Delivered measurable results, including a 25% reduction in web application load times. Experienced in software development and data engineering, with a proven track record of driving impactful solutions.

Professional Experience

Fullstack Software Development Intern Octanet Pvt. Ltd May 2024 – August 2024

- Engineered and deployed dynamic, responsive web applications using React.js and Tailwind CSS, increasing user engagement by 20%.

- Developed reusable and modular components, reducing development time by 15%.

- Optimized web application performance, achieving a 25% reduction in load time.

- Collaborated with backend teams to integrate RESTful APIs, enhancing end-to-end functionality.

- Applied state management tools (Redux, Context API) for scalable application architecture.

Car Sales Data Analysis Project January 2024 – March 2024

- Cleaned and transformed raw data using Excel and MySQL, improving data accuracy by 30%.

- Designed an interactive Power BI dashboard, providing actionable insights and increasing data visibility by 40%.

Technical Skills

Primary Skills:

- React.js, JavaScript, HTML, CSS, Tailwind CSS

- SQL (DDL, DML), Power BI, GCP BigQuery

- Version Control: Git, GitHub

Secondary Skills:

- Programming: Java

- Tools & Automation: Terraform, Bash/Shell Scripting, test-driven development

- Software Development: SDLC, data structures, OOPs, design patterns

- Front-end Testing: Jest, Enzyme, troubleshooting, debugging, formal software development lifecycle

Soft Skills

• Problem-solving and analytical abilities with a focus on measurable results

• Effective communication and collaboration within cross-functional teams

• Attention to detail, adaptability, and a proactive approach to challenges

• Leadership qualities, fostering team success and innovation

• Strong organizational and time-management skills, ensuring timely delivery of tasks

Certifications and Awards

• Microsoft Career Essentials Certificate in Data Analysis (October 2024)

• Hackerrank Software Developer Basics Certificate (December 2024)

• Tata Imagination Challenge 2024 Finalist — Smart India Hackathon 2024 Participant — Accenture Innovation Hackathon Challenge 2024 Top 400

• Amazon AWS Cloud Architect Certificate

• Tata Imagination 2024 Participation Certificate

• IBM Skills Build Certification on Gen AI

Hobbies

• Reading technical blogs to stay updated with industry trends

• Gaming and creative writing to enhance creativity and problem-solving

• Singing as a form of stress relief and personal expression

Education

Master of Computer Applications (MCA) CGPA: 8.5	Trident Academy of Technology	2023 – 2025
Bachelor of Science (B.Sc.) Percentage: 67%	Utkal University, Odisha	2020 – 2023

Projects

Technomania Labs (Ongoing) Live Link
A responsive, dark-themed personal website providing structured full-stack development resources.

Purpose: Simplifies learning by offering well-organized tutorials and interactive components, empowering aspiring developers.

Features: Interactive testimonials, dynamic code snippets, comprehensive tech stack display.
Technologies: React, Tailwind CSS, Node.js, MongoDB, TypeScript.

Challenges:

• Resolved z-index conflicts in dynamic code display.

• Optimized UI for cross-device compatibility.

Takeaways: Enhanced debugging, UI/UX design, and full-stack integration skills.
